## Experience

Yuval Shalhevet focuses on commercial, banking and financing. He represents clients in a broad variety of matters, including commercial, banking and financing transactions, Fintech (including crypto) as well as in PFI/BOT projects and tenders.

Yuval also represents banks, credit card companies and Fintech companies in a variety of matters. Among other things, this includes matters relating to ISDA agreements and derivatives and regulatory matters. He assisted banks with the implementation of Basel II / Basel III and the review of the relevant legal requirements, represented an Israeli bank in proceedings with various Lehman Brothers companies, and represented the clients in the acquisition of control in one of Israel's largest banks. He also represented clients in the acquisition of control in one of Israel largest insurance/ pension company.

Furthermore, Yuval represents bidders and offerors in various PFI/BOT tenders and assists concessionaires in the financing and performance of such projects.

In addition, Yuval also assists private clients in the planning and management of their family wealth.

Yuval combines broad knowledge inter-disciplinary understanding, including experience in litigation and other legal fields.

Yuval received his LL.B. in 1996 and his LL.M in 2008 from The Hebrew University in Jerusalem, the latter in a joint program with Georgetown University in Washington, D.C. Yuval was admitted to the Israel Bar in 1997, joined the firm in 1999 and became a partner in 2006.
